INTRODUCTION

Akshaya Engineers, based in Bangalore, is a service-oriented company specializing in air compressor maintenance, spare parts, and lubricants. Our team of professionals is dedicated to understanding and fulfilling customer needs promptly and at competitive prices.

Akshaya Engineerings provides comprehensive compressed air solutions, from compressor installation to pneumatic piping system design.

We supply multi-brand compressor parts and lubricants from brands like Atlas Copco, Kaeser, Chicago Pneumatic, ELGI, Ingersoll Rand, Gardner Denver, and Comp Air. Our services include scheduled maintenance, predictive diagnostics, and air compressor repairs using high-efficiency parts. Our maintenance programs are tailored to meet specific customer requirements, whether it's a comprehensive package or timely delivery of the right parts.

We provide a warranty on our compressor service programs and parts, ensuring ongoing performance and system efficiency. Our high-efficiency spare parts help prevent breakdowns and keep your compressed air network operating at peak performance 24/7.
